Report on review of condensed interim financial information

To the Shareholders of Phnom Penh Water Supply Authority

Introduction

We have reviewed the accompanying interim statement of financial position of Phnom Penh Water Supply Authority as at 30 June 2014, the related interim statements of profit or loss and other comprehensive income for the three-month and six-month periods ended 30 June 2014, and the related interim statements of changes in equity and cash flows for the six-month period then ended. Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with Cambodian International Accounting Standard 34, 'Interim financial reporting'. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of review

We conducted our review in accordance with the Cambodian International Standard on Review Engagements 2410, 'Review of interim financial information performed by the independent auditor of the entity'. A review of interim financial information consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Cambodian International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with Cambodian International Accounting Standard 34, 'Interim financial reporting'.

PHNOM PENH WATER SUPPLY AUTHORITY

NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION (UNAUDITED) FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2014

1. GENERAL INFORMATION

The Phnom Penh Water Supply Authority (PPWSA) is under the technical supervision of the Ministry of Mines and Energy (MME) and the financial supervision of the Ministry of Economy and Finance (MoEF), and has its headquarter in Phnom Penh. The PPWSA is acknowledged as having the economic characteristics of a public enterprise by the Ministry of Commerce under the registration number Co.0839 Et/2012, dated 27 March 2012.

The mission of the PPWSA is to process and distribute water for general use by the public in the city of Phnom Penh. The objectives of the PPWSA are to:

- invest in, build, enlarge, operate, repair and maintain the means of water sanitation and distribution
- manage devices to increase water production, and improve services and water quality to meet demand
- operate the business, services and related duties for water supply in accordance with the Board of Director's resolutions and the laws of Cambodia
- cooperate with local and external development partners on technology, trade and finance in order to improve and develop the PPWSA in accordance with government policy, and
- ensure sustainable production processes, business and finance for the public interest.

In order to fulfil this mission, PPWSA is allowed to carry out its operational activities on the property, plant and equipment as well as necessary commercial and financial operations, such as:

- the production and overall distribution of water within the city of Phnom Penh and its suburbs
- the expansion, improvement and renovation of the production systems and distribution networks, and
- doing business with existing and future water distribution networks.

The registered office of PPWSA is Office 45, Street 106, Sangkat Srah Chork, Khan Daun Penh, Phnom Penh, the Kingdom of Cambodia.

This condensed interim financial information was approved for issue by the Board of Directors on 07 August 2014.

These condensed interim financial statements have been reviewed, not audited.

PHNOM PENH WATER SUPPLY AUTHORITY

NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION (UNAUDITED) FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2014

2. BASIS OF PREPARATION

This condensed interim financial information for the six-month period ended 30 June 2014 has been prepared in accordance with Cambodian International Accounting Standard 34 - Interim financial reporting (CIAS 34). The condensed interim financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2013, which have been prepared in accordance with Cambodian International Financial Reporting Standards ('CIFRSs'). The significant accounting policies used in preparing the condensed interim financial information are consistent with the significant accounting policies used in the preparation of the 2013 audited financial statements.

3. ACCOUNTING POLICIES

- (a) New standards, amendments and interpretations issued and effective for years beginning on 1 January 2014 adopted by the PPWSA:

The PPWSA adopted all applicable CIFRS standards, amendments, and interpretations to the extent that they are effective for the financial statements for the financial year beginning on 1 January 2014. There are no standards, amendments, or interpretations that have a significant impact on the PPWSA, except for the following:

- Amendment to CIAS 32 - Financial Instruments: Presentation, regarding asset and liability offsetting: This is an amendment to the application guidance in IAS 32 - Financial Instruments: Presentation, and clarifies some of the requirements for offsetting financial assets and financial liabilities in the statement of financial position. This amendment is effective for the accounting period beginning on 1 January 2014. There is no impact from the adoption of this standard on the interim financial information.
- (b) New standards, amendments and interpretations issued and effective for years beginning on 1 January 2015 but not yet early adopted by the PPWSA:
- CIFRS 9 - Financial Instruments addresses the classification, measurement and recognition of financial assets and financial liabilities. CIFRS 9 was issued in November 2009 and October 2010. It replaces the parts of CIAS 39 Financial Instruments: Recognition and Measurement that relate to the classification and measurement of financial instruments. CIFRS 9 requires financial assets to be classified into two measurement categories: those measured at fair value and those measured at amortised cost. The determination of the applicable category is made at initial recognition. The classification depends on the entity's business model for managing its financial instruments and the contractual cash flow characteristics of the instrument. For financial liabilities, the standard retains most of the CIAS 39 requirements. The main change is that, in cases where the fair value option is taken for financial liabilities, the part of a change to the fair value due to an entity's own credit risk is recorded in other comprehensive income, rather than the statement of profit or loss, unless this creates an accounting mismatch. The PPWSA has not assessed CIFRS 9's full impact.

PHNOM PENH WATER SUPPLY AUTHORITY

NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION (UNAUDITED) FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2014

4. MANAGEMENT ESTIMATES

The preparation of condensed interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing this condensed interim financial information, the significant judgements made by management in applying the PPWSA's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2013.

5. FINANCIAL RISK MANAGEMENT

5.1 *Financial risk factors*

The PPWSA's activities expose it to a variety of financial risks: market risk (including interest rate risk and foreign exchange risk), credit risk and liquidity risk.

The interim condensed financial information does not include all the financial risk management information and disclosures required in the annual financial statements, and it should be read in conjunction with the PPWSA's annual financial statements as at 31 December 2013.

There have been no significant changes in risk management or risk management policies since year end.

5.2 *Liquidity risk*

There has been no material change in the contractual undiscounted cash outflows for financial liabilities since year end.

6. OPERATING SEGMENT INFORMATION

The PPWSA treats water for supply to residents in Phnom Penh and surrounding areas. To support its water distribution business, it needs to provide water metre connection as a supporting service. Revenue from water metre connection (a supporting service for water sales) accounts for less than 10% of the total revenue, while water sales account for approximately 94% of the total revenue of the PPWSA.

The PPWSA has one reportable segment, namely, water sales. The chief operating decision-maker (the management team) reviews the internal management report, which reports the performance of the water sales segment as a whole, to assess performance and allocate resources. The chief operating decision-maker assesses the performance of the reportable segment by measuring gross revenue, profit before tax and net profit compared to prior periods.

All revenues are derived from external customers. The PPWSA is domiciled in Phnom Penh and all water sales originate from Phnom Penh and the surrounding areas.

Other taxes payable	161,234	158,499
Other payables	<u>1,432,120</u>	<u>1,684,268</u>
	<u>29,819,613</u>	<u>29,859,908</u>

13. INCOME TAX EXPENSE

Income tax expense is recognised based on management's estimate of the weighted average annual income tax rate expected for the full financial period. The estimated average annual tax rate used for the period to 31 December 2014 is 18% (the estimated tax rate for the period ended 31 December 2013 was 20%).

**NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION (UNAUDITED)
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2014**

14. EARNINGS PER SHARE

i) Basic earnings per share

Basic earnings per share are calculated by dividing the profit attributable to equity holders of the PPWSA by the weighted average number of ordinary shares in issue during the period.

	Three-month period ended		Six-month period ended	
	30 June 2014	30 June 2013	30 June 2014	30 June 2013
	(Reviewed but unaudited)	(Reviewed but unaudited)	(Reviewed but unaudited)	(Reviewed but unaudited)
Profit attributable to shareholders (KHR'000)	10,817,991	8,352,939	16,166,825	22,620,560
Weighted average number of shares	86,973,162	86,973,162	86,973,162	86,973,162
Basic earnings per share (KHR)	<u>124.38</u>	<u>96.04</u>	<u>185.88</u>	<u>260.09</u>

ii) Diluted earnings per share

Diluted earnings per share are calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The PPWSA had no dilutive potential ordinary shares as at the period ends. As such, the diluted earnings per share were equivalent to the basic earnings per share.

15. FINANCE (COSTS)/INCOME – NET

	Six-month period ended	
	30 June 2014	30 June 2013
